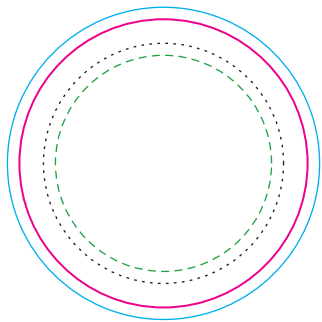
WELLS & DREW · EST. 1855 · JACKSONVILLE, FL

Seal Label Dieline · 1½" double-ring seal

Cut size: 1.5" diameter · Bleed: 1/16" · Safe: 1/16" inside the cut
Document with bleed: 1.625" x 1.625" · Artwork: vector, CMYK or spot colors, 300 dpi minimum for images

CUT LINE (CUTCONTOUR) BLEED SAFE AREA INNER RING

Extend backgrounds and color to the BLEED line. Keep type and logos inside the SAFE line.
Seal format: the inner ring sits 1/8" inside the cut. Keep artwork inside the inner ring.
The CutContour line (magenta spot color) is the die line. Keep it on its own layer; it does not print.
Delete the guides and this legend before sending, or hide them. Send a PDF with fonts outlined.



1.5" diameter
